People. Practice. Progress. Policy

29th Annual Congress | 9 - 11 June 2027
National Convention Centre, Canberra

welcome

Dear Partners and Supporters,

We are pleased to invite you to the **29th Annual Congress of the Cancer Nurses Society of Australia (CNSA), taking place in Canberra from 9-11 June 2027**.

Cancer nursing is evolving. The complexity of care is increasing, new treatments and models of care are changing practice, and the expertise and voice of cancer nurses have never been more important.

Our 2027 theme, **People. Practice. Progress. Policy.**, reflects the forces shaping cancer nursing today - and the opportunity we have to shape what comes next.

People are at the heart of cancer care - the nurses delivering it, the people and families they support, and the teams they work alongside. **Practice** reflects the clinical expertise, evidence and education that underpin high-quality care. **Progress** comes through research, innovation and new ways of working. And in Canberra, **policy** has particular significance - ensuring cancer nurses have a strong voice in the decisions that shape cancer care and the workforce.

Across three days, Congress will bring together cancer nurses from across Australia to share what is working, learn from new research and practice, tackle common challenges and build valuable professional connections.

Our aim is for delegates to leave Canberra with practical ideas they can take back to their workplaces, new perspectives and connections, and a stronger understanding of the role they can play in advancing cancer nursing.

For our partners and supporters, Congress is an opportunity to be part of these important conversations, connect directly with the cancer nursing community and support the continued development of the profession.

We look forward to welcoming you to Canberra in June 2027.

Warm regards,

Jemma Still
CNSA CEO
